Friends of Country Music

'Friends of Country Music' are a supporter's group and subscription membership that allows you to receive our magazine Prelude which includes the Country Music Gig Guide. Friends have the chance to win CDs and receive discounted ticket to Projects and Official functions of SACCM.

Professional Membership

'Professional Membership' is membership which caters for, 'professional entertainers' or people, 'working in the industry'. Value packed, this type of membership provides website space to advertise yourself or band, free listing on the 'Gig Guide' and 'Prelude' subscription. We also encourage you to utilise the vote allocated to you at the Annual General Meeting. (This type of membership is subject to Council Approval). **Professional Members please also state band name if applicable**

Band and Associate Membership

At least One (1) band member is required to hold Professional membership so that BAND can be featured on our web site. If other members of that band are to be featured on the website they must be an Associate Member (or Friend of Country Music). An associate Member will not be entitled to a vote and will not receive a copy of Prelude.

Club Membership

This level is for the Country Music Clubs. They receive a supply of Preludes for distribution at club functions and may also save considerably on insurance via the Council's group policy. The Council assists Clubs by supplying adjudicators for talent quests and you also have names and events highlighted in the Gig Guide. Clubs are entitled to one vote at the Council's AGM.

Corporate Membership

The South Australian Council for Country Music is always aspiring for Corporate Members and Sponsors. You will receive the 'Prelude' and your logos are featured prominently each month. You will also receive complimentary entry to all Council events and functions. Sponsors contributing \$2,000 or more receive additional benefits. If you know of someone who may be interested, please contact the Chairman or Secretary for further details.
